

Winner's Tutorial (WT)

NURTURING WINNERS FOR TOMMORROW

Specialized Preparation for MHT CET | NEET | JEE MAINS |
MAHARASHTRA STATE BOARD (11th & 12 th SCIENCE)

About Us

Winner's Tutorial (WT) was founded for social cause by team of ex IIT-ian and elite college faculty to provide quality education to all students and not only for those who can pay too much. Driven by the vision to build India's future through education, we have come together to mentor students with sincerity, passion, and purpose.

We specialize in preparing students for MHT-CET, JEE Mains, NEET, and Maharashtra State Board exams (11th and 12th Science). At Winner's Tutorial, we don't just prepare students for exams—we prepare them for life.

Our Vision

To democratize high-quality education by making it affordable, accessible, and rooted in values. We want every student to rise above limitations and succeed in competitive and board examinations with confidence and conceptual clarity.

COURSES WE OFFER

MHT-CET

JEE Mains

NEET

11th STD

12thSTD

We offer a structured 2-year Integrated and Non-Integrated Coaching Program, best suited for students enrolled in junior colleges. This program provides separate but synchronized preparation.

MHT-CET

(Maharashtra Common Entrance Test)

Competition Level

Over 5 Lakh+ students appear annually for admission into Engineering, Pharmacy & Agriculture course in Maharashtra. Exam is based on Maharashtra State board (HSC) syllabus.

Full-Length Tests

Final Crash
Course with
Quick Revision
& Mock Tests

What is an Integrated Program?

An Integrated Program at Winner's Tutorial is a well-planned academic system where Junior College studies (STD XI & XII) and competitive exam coaching (MHT-CET/JEE/NEET) are conducted in a synchronized manner

Students are required to visit the college only for practicals, submissions, and official exams. All academic teaching is managed by Winner's Tutorial, which saves valuable time otherwise spent on daily college attendance and travel.

Syllabus is based on the Maharashtra State Board (HSC) curriculum

Why Choose Winner's Tutorial?

Time Efficiency

Students save several hours daily, allowing more time for focused study, test practice, and doubt-solving.

Complete Academic Support

Winner's Tutorial covers the entire STD XI & XII Board syllabus along with comprehensive coaching for entrance exams (MHT-CET/JEE/NEET)

Weekly Tests & Progress Tracking

We conduct regular chapter-wise MCQ tests to ensure students grasp key concepts and improve continuously.

Competitive Environment

Students are surrounded by equally focused peers, which builds a motivating and disciplined learning atmosphere

Expert Guidance

Our experienced faculty not only teach but also guide students with personalized attention, academic planning, and time management strategies.

Affordable Fees

Affordable fees with top-quality teaching

Key Features

- Integrated / Non Integrated program for XI + XII + MHT-CET/JEE/NEET
- Focused academic planning and minimal college interference
- Regular testing and performance analysis
- Strong conceptual learning and MCQ practice
- Saves time and maximizes student output
- Founded by engineers and doctors
- Passion-driven teachers who are focussed on student's success
- Balanced teaching for both board & entrance exams
- Effective test systems and continuous doubt support

We aim to create a reliable and responsible educational space where students can dream big and achieve confidently

Meet Our Faculty

Datar Sir-Mathematics Faculty
Teaching experience 30 years in
K.C . College, Churchgate

A veteran educator known for his deep conceptual clarity, shortcut techniques, and ability to make the toughest problems seem easy. Students preparing for JEE, CET, and Board exams greatly benefit from his calm teaching style and years of experience.

Neeraj Nemade Sir-Physics Faculty
B.E & Masters IN Mechanical Engineering,
MBA From the United States of America

A favorite among students for his relatable explanations, modernized equipment and experiments teaching style, and concept-driven approach to Physics. He focuses on building strong fundamentals with real-world applications, making Physics engaging and accessible for aspirants of JEE, NEET, and CET

Muskan Trivedi
Chemistry Faculty,
IIT Bombay

An enthusiastic and dynamic teacher from IIT Bombay, she makes Chemistry engaging with visual learning and real-life connections. Her smart teaching strategies and simplified approach help students tackle Chemistry with confidence in NEET and JEE.

Dr. Saloni
Biology Faculty, Medical Students from Somaiya
Experienced Medical Educator

A passionate biology mentor with hands-on experience in teaching medical aspirants. Known for her clear explanations, real-world medical insights, and effective memory techniques—making NEET Biology both interesting and easy to retain.
